League Policy – Scoring and Scorers

This document details the league policy on the scoring of league matches.

Ideally, there should be two non-playing scorers scoring the match at all times. But the league is aware that this is not always possible.

As a minimum, in Divisions 1-8, there must be two people scoring the match at all times. These may be non-players, or members of the batting side. As a minimum, scoring must be done in two score books, or in one score book and on one electronic device.

In Divisions 9 and 10, it is acceptable for there to only be one person scoring the match. This may be a non-player, or a member of the batting side. Scoring must be done in a score book.
