

SPIRIT OF CRICKET

Cricket is a game that owes much to its unique appeal to the fact that it should be played not only within the Laws, but also within the Spirit of the Game. Any action which is seen to abuse this spirit causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the Captains.

The spirit of the game involves respect for:

- Your opponent
- Your own Captain and team
- The role of the umpire
- The games traditional values

It is against the Spirit of the Game:

- To dispute an umpires decision by word, action or gesture
- To direct abusive language towards an opponent or umpire
- To indulge in cheating or any sharp practice for instance:
 - a) appeal knowing the batsman is not out
 - b) advance towards an umpire in an aggressive manor when appealing
 - c) seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side

Captains and Umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution to this.

(i) Umpire bonus points are awarded in any match in which at least 10 overs are played.

(ii) Teams must keep a signed team sheet for each game with the scorebook. This is in case they are required by other cricketing bodies. Failure to comply with the correct use of team sheets could make the club liable to action under Rule 46.

(iii) Any dispute or query regarding general League rules can only be adjudicated on by members of the League Management Committee.

29. Fielding Restrictions

Operational in Divisions 1-7 of the League

(a) At the moment of delivery a maximum of 5 fielders must be outside an area bounded by two semi-circles centred on each middle stump, each with a radius of 30 yards joined by parallel lines on each side of the pitch. Should the fielding side fail to comply with this ruling then the square leg umpire shall call no-ball at the time of delivery.

(b) The fielding circle should be marked with white plastic or rubber discs (but not metal) at 5-yard intervals, with each disc measuring 7 inches in diameter.

30. Match Ball

- (a) All balls shall be standard and shall be issued to Clubs at the Spring General Meeting.
- (b) For Matches in Divisions 1-7, each team shall provide one of their issued balls.
- (c) For Matches in Divisions 8-9, the home team shall provide one of their issued balls, which shall be used for both innings of the match.

31. Bowlers overs restrictions

- (a) Bowlers shall be restricted to a maximum of 9 overs each. In the event of overs reduction due to weather, this number shall be reduced to one fifth of the number of overs in the innings with fractions rounded up.
- (b) All teams must comply with the ECB Fast Bowling Directives which are as follows:
 - Under 13. Maximum 5 overs spell and maximum 10 overs per day.
 - Under 14/15. Maximum 6 overs spell and maximum 12 overs per day.
 - Under 16/17. Maximum 7 overs spell and maximum 18 overs per day.
 - Under 18/19. Maximum 7 overs spell and maximum 18 overs per day.

For the purpose of these Directives a fast bowler is defined as follows:

A bowler to whom the wicket keeper in normal circumstances would stand back to take the ball. Having completed a spell the bowler can not bowl again, from either end, until an equivalent number of overs to the length of his spell have been bowled from the same end. Interruptions to play, whether scheduled or unscheduled, shall reduce this requirement by one over at each end for every 7 minutes of interruption.

- (i) It is the Captain's responsibility to inform his opposite number of any player in his team to whom the above directive applies. It is then the responsibility of both Captains to ensure that the ECB Fast Bowling Directive is rigorously enforced.
- (ii) Any Club failing to adhere to this directive, shall in the first instance, be reported to the appropriate Divisional Representative.

32. Safety guidance on the wearing of cricket helmets by young players

- It is recommended that a helmet is worn by young players when batting and when standing up to the stumps when keeping wicket against a hard cricket ball in matches and in practice.
- A young player should not be allowed to bat or stand up to the stumps when keeping wicket without a helmet against a hard ball except with written parental consent.
- Coaches, teachers, managers, and umpires should always ensure that a young player wears a helmet if this written parental consent has not been received.
- Players should regard a helmet with a face guard as a normal item of protective equipment when batting against a hard ball, together with pads, gloves, and for boys, an abdominal protector (box).
- There is a British Standard (BS 7928:2013) for cricket helmets and it is in the best interest of players to ensure that their helmet conforms to this standard.
- The ECB is recommending that this guidance is followed by all players up to the age of 18. It applies to young players in adult cricket as well as junior cricket played with a hard ball.

33. Fielding regulations for young players

- No young player in the under 15 age group or younger shall be allowed to field closer than 8 yards (7.3 metres) from the middle stump, until the batsman has played the ball. Minimum distances apply even if the player is wearing a helmet.
- For players in the under 13 age group and below the distance is 11 yards (10 metres).
- Should a young player in these age groups come within the restricted distances the umpire must stop the game immediately and instruct the fielder to move back.

- In addition any young player in the under 16 to under 18 age groups, who has not reached the age of 18, must wear a helmet, and for boys an abdominal protector (box) when fielding within 6 yards (5.5 metres) of the bat, except behind the wicket on the off side. Players should wear appropriate protective equipment whenever they are fielding in a position where they feel at risk.
- These fielding regulations are applicable to all cricket in England and Wales. Age groups are based on age of players at midnight on 31st August in the year preceding the current season.

34. Match cancellation due to inability to raise a team

- (a) If a situation arises where a Club with more than one XI is unable to fulfil all its League fixtures on any given date due to circumstances other than weather interference, then that Club is required to cancel its most junior XI's fixtures first: i.e. 3rd, 2nd, 1st XI's must be played in preference to its 4th XI. Match will count as win/loss with penalty points as per Rule 41(a).
- (b) A Club who's senior side(s) play in another League (e.g. WEPL), is not permitted to cancel its 1st XI (1st & 2nd XI if applicable) fixture in order to play a W6XWCCL game..
- (c) In order for a match to be valid a side must comprise at least 7 players at the time of commencement. Failure to comply may result in Rule 41a) being applied.

34a. Match Day Fees

The home team can choose whether or not to provide teas. If the home team chooses to provide teas, then they must offer to provide teas for both teams. In this case, they must contact the opposition and specify how much the away team must pay in order to cover their share of the costs of teas. The away team can then agree to teas being provided for both teams, or decline the home team's offer. If the away team declines the offer of teas, then the home team may choose to provide teas for the home team only.

34b. Cancellation at short notice

The Management Committee wish to remind away sides who cancel at short notice, that they are expected to assist the home Club with any expenses resulting from the late cancellation: i.e. teas/ground hire.

35. Home Venue

A WCCL team shall not be permitted to swap home venues with a Club's senior side to ensure that the latter's fixture takes place. Should this occur then the WCCL's match will count as win/loss with penalty points as per Rule 41a.

WEATHER INTERFERENCE

36. Cancellation of matches

- (a) The home side will be responsible for deciding whether or not the ground is fit for play. No decision, however, should be made before 9.00 am. on the day of the match. The home Club must ensure that their opposition on the day has confirmed either verbally, or by text, that they have received notification of the cancellation.

- (i) The par score shall be calculated using the Duckworth Lewis calculator on the WCCL website (www.wccl.org.uk/dl/).

SCORING

39. Object

The object of the scoring system is to reward competing teams by giving bonus points for the positive elements of the game. APPENDIX E – COVID-19 ADAPTATIONS IN THE WCCL

Following the lifting of government restrictions relating to COVID-19, the requirements and restrictions for cricket have also been lifted.

However, from October 2022, the Laws of Cricket will be changing so that it is no longer permissible to apply saliva to the ball. The WCCL Committee have taken the decision that this will also apply for the 2022 season, in order to reduce the risk of COVID-19 transmission.

When the new regulations come in, the penalty for this will be 5 penalty runs, the opposition are given the option to replace the ball, and the offender is reported to the league for a level 2 offence. But the league accepts that there will be a few unconscious transgressions as players get used to this change. So for the 2022 season, the following applies:

(1) No saliva is to be applied to the ball.

(2) If any player unconsciously applies saliva to the ball then:

- The ball shall be returned to the umpire.
- The umpire shall clean the ball, either with an antiviral wipe or with hand sanitiser.

(3) If any player consciously applies saliva to the ball (determined either by them trying to hide their action, or by refusing to comply) then in addition to the above:

- 5 penalty runs shall be awarded to the opposing team.
- The opposing team shall be offered the option to replace the ball.
- A disciplinary report shall be sent to the league. This is a level 2 offence.

APPENDIX F – NET RUN RATE

In matches where Net Run Rate is used the procedure in Rule 38 shall be modified as follows:

Rule 38(b)(iii) Once the match has started, if any further time is lost then for every three and a half minutes lost, one over is taken from the maximum allowed for the side batting second. The maximum number of overs allowed to the team batting first is unaltered.

Rule 38(e)(i) The par score shall be calculated as follows:

- The run rate of the team batting first shall be calculated by dividing the number of runs scored by the total number of overs to which they were entitled.
- The par score shall be the run rate of the team batting first multiplied by the maximum number of overs allowed to the team batting second, ignore decimals.
